MOTOR HOME CONVERTIBLE SOFA SLEEPER |
4875-68CS

76"W x 36.25"D x 34"H

Product Details

- All convertible sleeper sofas require 86" of space from the wall for the bed to open.
- Fits standard twin, double and queen mattress sheets
- Most models have options for flat floors in RV's and Boats and raised floor slideouts in RV's.
- Beds have brackets for floor mounting and the backs are removable so you can fit the sofa through a narrow doorway.
- Most Models are available with Air Coil mattress option.
- Available in other sizes (4875-60CS)

Our convertible sofa sleeper offers both style and comfort on the open-road. The slim frame design means a little extra room for when friends join you. And when sleep calls, this is the perfect place to rest up for the next day's big adventure it's as easy as removing the cushions and unfolding the mattress, letting you and your guests sleep in style no matter where you are on the map.
